**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a consumer who supports broadband competition. I switched from Comcast to Sonic.net and got a better quality connection that is faster, more stable and costs less money. I switched over to Sonic as soon as they began servicing my area because Comcast was raising my rates annually. Once Sonic was available in my area Comcast has started offering promotions to better compete for customers, as it should be!

I work from home as does my wife. Many people in our neighborhood work from home and depend on fast, stable internet for our livelihoods. Competition in the marketplace is key to keeping fast and reliable internet available.
